### Joint working:

**Memorandum of Understanding (MOU):** A new era in partnership working between the Third Sector and the Cardiff and Vale University Health Board has recently been signed, reflecting shared ambitions for improving health outcomes and a commitment to working together to deliver the UHB's ten year strategy [Shaping Our Future Wellbeing](#).

The UHB Framework for Working with the Third Sector and the supporting arrangements of an annual Action Plan and Steering Group, set up in 2012, have played a key role in establishing a strong relationship between the UHB and local third sector. They have supported a joined up approach to the delivery of Shaping Our Future Wellbeing and have embedded a collaborative partnership approach into the way we work together strategically and operationally.

The mechanisms for continuing those strong relationships now need to change to reflect the 'new' partnership arena established via key pieces of legislation and Welsh Government policy. In particular, this includes the roles of the Regional Partnership Board and the Public Services Boards, and the opportunities offered by the shared commitment to the wider transformation and locality agenda.

A MOU has therefore been developed to reflect this new environment, replacing the Framework for Working with the Third Sector; it provides a written statement of our joint commitments and intentions. The Third Sector is represented in this context by C3SC and Glamorgan Voluntary Services as the local County Voluntary Councils.

The Health, Social Care and Wellbeing Networks in Cardiff and the Vale of Glamorgan were invited to comment on a draft, prior to the signing of the final MOU. The MOU will be reviewed annually.

**Consultation on the draft Health and Social Care Workforce Strategy:** Social Care Wales and Health Education and Improvement Wales are working together to develop a Workforce Strategy for Health and Care. Working with the Institute of Public Care (IPC), Oxford Brookes University, they are now entering the consultation phase of the draft strategy. Consultation will be carried out in a number of ways, including workshops, webinars and an online survey. The webinars are on the 23, 24 and 26 July for more information please visit the [IPC website](#). The survey will be out in July and will be shared via the C3SC website and social media once available.

**Cardiff and Vale Regional Workforce Partnership:** Launch of webpage showing [training and development opportunities for unpaid carers](#) in Cardiff and the Vale of Glamorgan.

**Cardiff and Vale Health and Social Care Partnership:** Want to know what you think of the plan for making the region a supportive and helpful environment in which carers can thrive. The [survey](#) is open until the 7 July 2019.

## Health Information:

**Primary Choice launches in Cardiff and Vale:** A new campaign to help members of the public choose the right health advice in the local community has been launched by the UHB. Primary Choice aims to educate the public on the skills and expertise of the healthcare professions in the local community so they see the right person, first time. For more information please see the [UHB website](#).
